Dear Parents,

The second unit of this sequence is titled *We Are Family*. This month long segment takes a deeper look at families and the dynamic nature of the relationships within families. We start by focusing on the blessings our families bring us. We learn that within our families we are all different and at times may struggle with the relationships we have within our families. But we are each unique and special in our own way.

Blessings,

Ms. Samantha

Mission Moment

This month we will be collecting bulk size prewrapped candy for our Trunk or Treat. Please donate if you can.
