

Watching services on a phone (live on Sunday morning):

Go to cypresslakeumc.com in your web browser (Safari, Chrome, etc)

Click on the menu icon in the top right corner of the screen (three horizontal lines – it looks kind of like a cheeseburger)

Click on Worship, then Worship Live. Video starts five to ten minutes prior to the service time.

Watching services on a phone (after Sunday morning):

Go to cypresslakeumc.com in your web browser (Safari, Chrome, etc)

Click on the menu icon in the top right corner of the screen (three horizontal lines – it looks kind of like a cheeseburger)

Click on Worship, then Past Services

Click on "Traditional Worship" or "Contemporary Worship" under the date you want to watch

The video will open in YouTube.

Watching services on an iPad or computer:

Go to cypresslakeumc.com in your web browser (Safari, Chrome, etc)

Click on the Worship menu at the top of the screen

Click on Worship Live or Past Services. Follow the directions above depending on whether you are watching live or later.

To cast from your phone or iPad to YouTube:

Start playing the service in YouTube using the directions above.

Tap on the screen and look for the rectangular "cast to device" icon in the top right corner of the video, and tap on it.

Select your device (probably the name of your tv, like "Samsung SCN471"). You may need to type a code from the TV screen into your phone or iPad the first time you cast video.

When you're done watching on the TV, click on the "cast to device" icon and select "Disconnect."

Don't have one of these devices, or still have questions? Call us at 239-482-1250 for help!
